Legal aid for immigration matters

## SWIFT SOLUTIONS

When deciding to expand into new markets, companies may face a range of issues around bringing executives and employees into the country. Especially now as there are additional restrictions posed due to COVID-19, BDO will provide legal assistance in various immigration matters to ensure swift process and practically applicable solutions. Our immigration matters service team helps companies to prepare required documents and provide the necessary support throughout the process to save time. BDO team works closely with state institutions and other business associations to facilitate the arrival and stay of foreign entrepreneurs and employees in Latvia.
